|| \$5 per \$1,000 of **equalized valuation** must be raised for **elementary schools** to qualify for state aid. The net assessment must contain this amount in addition to funds raised for high school maintenance and other statutory requirements.

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

The School Board of Thornton:

I hereby submit my fourth annual report as Superintendent of Schools. The statistical report for the year 1936-1937 follows this report.

Miss Lora Merrill completed her term of service at the West Thornton school in June and accepted a more attractive position with the city of Franklin. Miss Norma Wade of Plymouth succeeded her in this school and the work is motivating well. Last year the average membership was 26.45 and the membership now is approximately thirty-five. This makes a full school but the reopening of the Lyford school would hardly relieve the situation enough to warrant the expense. My supervision of this school convinces me that in general the children are profitably and pleasantly engaged in worthwhile activities. Some teachers have the faculty of keeping 35 children busy better than other who have only twenty. It is not always expedient to help

children too much thereby detracting from their initiative to push ahead and solve their problems unassisted. To hear, "I did it myself" in any classroom is evidence of good instruction.

During the last school year Barbara R. Pombrio resigned as teacher of the Center School and Marion C. Ellison of Plymouth succeeded her and the work continued with but little interruption. Isabelle M. Kimball continues at No. 6 and Glen H. Sturtevant at Mad River.

During the summer the West Thornton and Center schools were painted and are greatly improved in appearance. The No. 6 school should be painted next summer and the Mad River school the summer following. All the school properties in use will be then in good shape and an ornament to the district. The practice of utilizing school houses for domestic purposes is of doubtful efficiency. The net gain is often disappointing and the buildings were not constructed for that purpose.

Respectfully submitted,

ALLAN M. McCURDY,

Superintendent of Schools.

Thornton, N. H., February 7, 1938.
